マシン名 :-

Lookprabhida team was found in 2008. It belongs to Prince of songkla university. We aim the same goal, that was developing knowledge and researching about automotive and otherwise related. We are more 30 members in our team who have intention and tolerance. Most members were studying in Faculty of engineering. We have same dream, that made us to be friend, and now we are team.

Participation report 参戦レポート

In 2012, Lookprabhida team was competition in JSAE 2012. We have some problem before the competition but we were repair in time, We successfully finished all static and dynamic events. We got an overall result of 29st. and we got "the best rookie" trophy. That great Experience for our team to development in the future. In this year, we come again. We expect to best of JSAE 2014.
