

2021 Formula SAE Japan Local Rules Number 3

Issued: March 23, 2021

The purpose of this document is to inform of the local rules that must apply to 2021 Formula SAE Japan. Any additional local rules that become necessary must be posted on the FSAEJ official website as they become available. These local rules are valid for 2021 Formula SAE Japan only.

Formula SAE Japan Rules Committee

J2021-3-01 Structural Equivalency Sheet for other chassis (refer to Formula SAE® Rules 2021 DR.3.2, F.2.1, FSAEJ2021 Participation Rules Article 14)

It is possible to submit the Structural Equivalency Sheet (SES) for different chassis (frame and/or monocoque) from the initial submission, as 1st resubmission or 2nd resubmission. For example, when the production of the 2021 chassis is not in time, and the team switches to the 2020 chassis. However, because it necessitates complete reinspections of the SES, the team will receive a penalty, and 50-point will be deducted from the Overall Score.

On the other hand, no rule change has been made for minor design changes to the chassis after passing the SES. Therefore, it is treated individually.
