Formula SAE Japan Rules Committee

J2021-5-01 Relaxation of Requirement for Vehicle Condition on Static Events (refer to Formula SAE® 2021 S.4.5, 2021 FSAEJ Local Rules J2021-2-11, J2021-2-25)

Teams may participate in Static Events regardless of manufacturing completion or vehicle condition.

If a team is not able to take photos of the vehicle, the team may replace their Cost Photos and Design Photos with something like CAD renderings.

J2021-5-02 Cost Report Submission Deadline (refer to 2021 FSAEJ Local Rules J2021-2-02, J2021-2-03, J2021-2-16, J2021-2-18)

This rule is a special rule to be applied when the Cost Report creation is not in time by the submission deadline (June 2nd to 4th).

Teams may submit the Cost Report until 14:00 on July 20th. (The submission method is the same as the original submission method.)

Case A: If a team submits the materials for the real case scenario by the deadline, the team may only participate in the real case scenario review on the Online Cost Event. In this case, the Cost Report will be treated as submitted. However, the Cost Judges will not review the Cost Report, and the Price Score and the Discussion Score will be zero.

Case B: If a team does not submit the materials for the real case scenario by the deadline, the team cannot participate in the Online Cost Event. In this case, the Cost Report will be treated as not submitted.
